

Item of the Week

INTELLIKEYS®

IntelliKeys® is an alternative keyboard that makes computers accessible to individuals who have difficulty using a mouse or standard keyboard. The different overlays and programmable options help individuals customize the keyboard to meet their needs.

This item is available in the Finger Lakes Independence Center's Try it Room. We currently 1 available. The items in our Try it Room can be borrowed for a month. There is no deposit or cost associated when using items from the Try it Room.
